REELEX Licensing Fees

Companies new to REELEX pay a one-time \$7,500 license fee to become "REELEX Licensees". This fee occurs only once when the License Agreement is signed.

Subsequent usage fees vary depending on machine type and are paid annually if the machine is purchased, or monthly if the machine is rented. REELEX machine rental pricing includes all licensing fees, except in the case of the D-2000.

For licensees producing high volumes of REELEX packages, a variable fee system is also available in which the licensee pays royalties based on a percentage of REELEX sales revenue. Please contact REELEX Packaging Solutions for more information.

The following table depicts annual fees for each machine:

REELEX Machine Annual Fees:

COILING MACHINES:	D-200	D-750	D-1500	D-2000
First Year Usage Fee:	\$0.35 per coil	\$6,000.00	\$7,500.00	\$12,000.00
Second Year Usage Fee:	\$0.35 per coil	\$8,500.00	\$10,000.00	\$15,000.00
Subsequent Years Usage Fee:	\$0.35 per coil	\$10,000.00*	\$12,000.00*	\$18,000.00*

* Adjusted annually per the CPI-U inflation index.
